This file began with a reference from the Senior Surgeon in 1911 reporting that the Jaghirdar of Yelandur had himself appointed a Hospital Assistant for charge of the Jaghir Dispensary at Yelandur, that the system of lending the services of a Hospital Assistant in Government Service for work in the Jaghir should be discontinued and that in future the Government should leave the Yelandur Jaghir dispensary severely alone.

2. The then 2nd Member of Council did not agree to this proposal and suggested that the Jaghirdar should be required to furnish certain returns for administration purposes, that he should be asked to employ a properly qualified Sub Assistant Surgeon to the Jaghir Dispensary and that the relationship between the Jaghirdar and the Government in similar matters should be settled once for all.

3. When the papers were placed before the Dewan, it was ordered that the question might be brought up for consideration in Council, and it was subsequently ordered that a memorandum on the Revenue, Police and other powers exercised by the Jaghirdar of Yelandur should be prepared and circulated to the Councillors.

4. This was done and the question was then ordered by the Dewan to be brought up at a Meeting of Council. The matter seems to have been placed before the Council accordingly. The last entry in the file is to the effect that the question was brought

up

up at the Meeting on the 18th September 1913, but not taken up for want of time. It is for consideration if the matter should now be pursued.

It is understood that a Government Order has since issued defining certain matters in connection with the relation of the Jaghirdar to Government and that certain reports and returns are now received by Government from the Jaghirdar of Yelandur.

If the general question of the relation between the Jaghirdar and Government has to be pursued, the file will perhaps have to be dealt with in the Revenue Branch or the Confidential Branch of the Chief Secretariat.

Ch Secy.

It is a pity that the subject was not pursued after the matter has been brought to a close in 1913. It is apparent that the affairs in the Jahgir are not at all satisfactory. It is necessary that a thorough enquiry should be made into the powers vested in the Jahgirdars & what other matters should be delegated to & what is the control to be exercised. To

C.S. Balasundaram Iyer Esq. B.A.,
Offg Secretary to the Govt of H.H. the
Maharaja of Mysore, Genl & Rev Deptts.
Bangalore.

In reply to your No. 1439/Medl 40-11-2 dated 16th August 1911 & subsequent reminder, I have the honor to report that no record is forthcoming in the Senior Surgeon's office indicating the number and date of the Government Order or other "authority" under which an Hospital Assistant was lent in the first instance to the Yelandur Jahgir.

2. The reference made to the Jahgirdar to kindly intimate the Government Order or authority, has not elicited any reply. A reminder has been sent but I do not expect the reminder will receive any greater consideration than the original reference.

3. The new Hospital Assistant appointed by the Jahgirdar was a private individual (one V.R.Kathiravelu Moodr., a retired 1st Class Hospital Assistant of our Service.) He is now reported to have died and the Jahgirdar has asked me to try and procure a retired man for the Jahgir.

4. There was great difficulty in getting certain

returns

returns from the Jahgir and delay in the submission of the needful returns had become a normal affair, because the Hospital Assistant had orders not to send any returns or have any communication with his official superiors except through the Jahgirdar or rather that he (the Hospital Assistant) should address only the Jahgirdar on all matters connected with the Dispensary and not his official superiors.

5. I am personally aware of the dispensary having been allowed to remain without the supply of most ordinary medicines for months together.

6. I do not think that any indent for European Medicines &c., has been sent since October 1909, when Mr. Purnaiya promised to send an indent to England for the supply of the needful medicines without which the Dispensary had been suffering for months previous.

7. I am of opinion that the Mysore Government should leave the Yelandur Jahgir Dispensary severely alone and that no officer should be lent to it from our Service or demand any returns or reports therefrom. In a word we should for all practical purposes think and act as if there was no such dispensary in existence as The Yelandur Jahgir Dispensary.

I have the honor to be,

Sir,

Your most obedient servant,

T. V. Ariyaratnam
